

# Outerwear Tech Pack Checklist

A practical, buyer-first checklist to reduce back-and-forth and speed up feasibility, sampling, and production planning in Bangladesh.

## Visit the RFQ page (fastest response)

Email: **antor@antor.xyz** (Subject: Outerwear RFQ)

Last updated: 2025-12-18

## What this checklist helps you do

- Send a complete brief in one message (no missing BOM or construction info).
- Identify the biggest cost drivers early (shell/finish, insulation, zippers & hardware).
- Get faster feasibility feedback and clearer next steps for sampling and bulk.

## How to use this checklist

Tick what you already have. If you don't have a formal tech pack, you can still send a strong RFQ by providing the essentials below (reference images, measurements, fabric/trims notes, and target quantity).

### Minimum RFQ essentials (fastest accurate response)

- Product type + reference images
- Target quantity (per color) + number of colors + size range/ratio
- Shell fabric (composition/GSM/finish) + lining/insulation notes
- Zipper & hardware notes (type/size/finish) + branding placements
- Target ship date + Incoterm (FOB/CNF/CIF) + destination port (if CNF/CIF)
- RFQ link: <https://antor.xyz/outerwear-jackets-rfq/> • WhatsApp: **+8801792020736**

## Checklist

### 1) Style overview

- ☐ Style name / code (internal reference)
- ☐ Product type (puffer, parka, softshell, workwear, windbreaker, shacket, other)
- ☐ Target customer (men/women/kids/unisex) + size range (e.g., S-XXL)
- ☐ Reference images / sketches / sample photos
- ☐ Target market (EU/US/UK etc.) + season (SS/AW) + intended temperature range (if relevant)

### 2) Measurements & fit

- ☐ Measurement spec sheet (POM) + tolerances
- ☐ Fit comments (regular/relaxed/oversized) + layering intention
- ☐ Base size and grading rules (if available)
- ☐ Pattern notes (raglan, dropped shoulder, articulated sleeves, etc.)

### 3) Shell fabric

- ☐ Composition (e.g., 100% polyester / nylon / cotton blends)
- ☐ GSM (or oz/yd<sup>2</sup>) + weave/structure (twill, plain, ripstop, etc.)
- ☐ Finish/coating (DWR, PU, TPU, laminated, bonded, peach, etc.)
- ☐ Colorways + lab dip requirement + print (if any)
- ☐ Performance targets (if required): waterproof, breathability, windproof

### 4) Lining & pocketing

RFQ: <https://antor.xyz/outerwear-jackets-rfq/> • WhatsApp: **+8801792020736**

- ☐ Lining type (taffeta, tricot, mesh, fleece, etc.)
- ☐ Lining coverage (body, sleeves, hood, pockets)
- ☐ Pocket bag fabric + pocket layout (number/type/zip)
- ☐ Interlining/fusing requirements (if any)

## 5) Insulation & quilting (if padded)

- ☐ Insulation type (polyfill, down-alternative, etc.) + weight (gsm)
- ☐ Quilting channel layout + stitch type + seam allowances
- ☐ Baffle construction details (if applicable)
- ☐ Down-proof requirements (if applicable)

## 6) Trims & hardware

- ☐ Main zipper type (coil/vislon/metal) + size + length
- ☐ Slider/puller design + tape color requirement
- ☐ Snaps/buttons/rivets (finish and branding if any)
- ☐ Drawcord/cord-end/stopper/elastic specs
- ☐ Velcro/spec and placement (if any)

## 7) Construction details

- ☐ Seam types (single/double needle, flat-felled, bound seams)
- ☐ Reinforcement points (bar-tacks, patches, stress points)
- ☐ Storm flap + zipper guard + chin guard details
- ☐ Cuffs/hem finish (elastic, rib, Velcro tab, binding)
- ☐ Hood construction + adjustments (toggle, cord, brim)

## 8) Performance & testing (if required)

- ☐ Seam sealing required? (yes/no) + tape type
- ☐ Waterproof / hydrostatic head target
- ☐ Breathability target (MVTR) if required
- ☐ DWR requirement + durability expectation
- ☐ Required test standards (AATCC/ISO/ASTM or buyer standards)

## 9) Branding & artwork

- ☐ Main label, care label, size label specs
- ☐ Hangtag / barcode / price ticket requirements
- ☐ Logo print/embroidery/patch (artwork file + placement + size)
- ☐ Branding on zippers/hardware (if nominated)

## 10) Packaging & labeling

- ☐ Polybag type + warning label requirement
- ☐ Folding method / stuffing requirement (if any)
- ☐ Carton size / carton marks / assortment details
- ☐ Shipping label content + barcode format (if required)

## 11) Compliance & sustainability

- ☐ Required audits/certifications (BSCI, Sedex/SMETA, WRAP, RSC, etc.)
- ☐ Material requirements (recycled content, RCS/GRS if applicable)
- ☐ RSL/MRSL requirements + chemical restrictions (if applicable)
- ☐ Traceability requirements (if any)

## 12) Commercial & logistics

- ☐ Target quantity by color and size breakdown (if available)
- ☐ Target FOB (optional) + cost sensitivity notes
- ☐ Incoterm (FOB/CNF/CIF/EXW) + destination port (if CNF/CIF)
- ☐ Target ship date + required lead-time constraints
- ☐ Payment terms preference (if any)

## Outerwear BOM template (fill if available)

Use this to list key materials & trims. If you don't have exact codes, write the closest description.

Item	Description / spec	Color/Finish	Nomination (brand/supplier)	Notes

### Sampling sequence checklist (typical)

- Proto sample / concept confirmation
- Fit sample + measurement corrections
- PP sample (bulk-ready) + trim approvals
- Lab dips / strike-offs / print approvals
- Fabric & trim testing (if required) + final BOM lock
- Pilot run (if needed) → bulk production

## Send your Outerwear RFQ

When you're ready, submit the RFQ with a Drive/Dropbox link for files (if large). We'll respond with feasibility notes, the key cost drivers to confirm, and clear next steps.

<b>RFQ page</b>	<a href="https://antor.xyz/outerwear-jackets-rfq/">https://antor.xyz/outerwear-jackets-rfq/</a>
<b>WhatsApp / Phone</b>	<b>+8801792020736</b>
<b>Email</b>	<b>antor@antor.xyz</b> (Subject: Outerwear RFQ)
<b>Include</b>	product type, quantity, shell/lining/insulation, trims spec, ship date

Note: This checklist is a practical guide. Final costing depends on confirmed BOM and approved construction through sampling.
